Attention: Mr. Scott Graham

**Subject: Memo on Present and Reasonably Anticipated Future Uses
Missoula White Pine Sash Facility - Missoula, Montana**

Dear Scott:

As I stated in the draft Feasibility Study Report that I submitted to you on November 4, Huttig believes that the reasonably anticipated future use of the entire former Missoula White Pine Sash property is commercial. We respectfully submit the attached in support of that position.

Sincerely,

Bryan Douglass, P.E.
